2023 NEW PRODUCTS

OVER 40 PAGES OF NEW PRODUCTS!

ALL FROM STOCK FOR IMMEDIATE DELIVERY

Rinato™ Gate Infill Boards (p.60)

The look of wood without the hassle!

Virtually maintenance free

Flammability tested

Made from recycled material

Anti-slip resistance tested

Easy to install

Rot free

UV resistance

Splinter free

Fully tested for sound absorption.

Double-sided boards.

Polymer Wrapped Range – This premium polymer board is wrapped in a decorative wood effect laminate wrap. Available in 3 colours. They provide a stunning high quality solution for fences that need to look good.

Golden Oak	Anthracite	Rustic Oak

For posts & fixings visit our website.

Polymer Embossed Range – This new range of boards, which comes in 4 colours is more cost effective than the Wrapped Range. It has a realistic heat embossed woodgrain finish. This board is ideal for long runs of fencing that aren't in such a prominent location.

Black	Grey	Brown	Green

WPC Range - looks amazing and is both easy to use and cost effective. Available in 4 colours these double-sided boards are smooth on one side and have a realistic woodgrain effect on the other.

Birch	Chestnut	Ebony	Twilight Grey

GATEMASTER

- Brass bearings
- Low friction, ideal for use with automated gates
- One pair of hinges will support gates from 300kg (150kg per hinge) to 800kg (400kg per hinge)

Corner Mount Superhinge (p.212)

Plan View

Locks & Keeps (p.244)

Quick Exit Gate Lock
No access

- Right or left hand opening
- To suit flat bar & up to 30mm box section or 40 - 60mm box section

Keep With Interlocking Tab
To suit all Superlocks

Gapless Keep
To suit all Superlocks

For our full range of Superlocks see page 244.

Drop Bolt (p.237)

- Surface fix
- Stainless steel drop bolt
- For left & right hand gates

For a full range of Gate Hardware visit www.fhbrundle.co.uk

Mortice Locks (p.255)

With 40mm Dual Cover

- Fits 40mm box section
- Backset 20mm

With 40mm Full Cover

- Ornamental style
- Fully stainless keep

Lock & keep boxes available on page 255.

LOCINOX®

U Safe Gate Stainless Steel Safety Cable (p.217)

- For gates up to 500kg
- 300mm cable length, Ø 5mm wire

B Safe Gate Stainless Steel Safety Cable (p.217)

- For gates up to 500kg
- 220mm cable length, Ø 4mm wire

Locinox Serval 180° Spring Hinge (p.225)

- Max gate weight per pair 60kg
- For square profiles

Locinox Serval 180° Spring Hinge (p.225)

- Max gate weight per pair 60kg
- For round profiles

Locinox Nostep Anti Climb Device (p.225)

For use with Serval hinges

Nostep attached to top of Serval

Serval Hinge

- Fibreglass reinforced PA
- Install on top of Serval Hinge

Locinox Guardima Magna Latch Lockable (p.225)

- 30mm horizontal & vertical adjustment

Locinox Compact 2-Way 90° Hinge (p.228)

- Max gate width 2.5m
- Max gate weight 120kg
- For use with 50 x 50mm gate frame
- Can be used with Interio

Locinox Electradrop (p.238)

- Vandal proof
- Motorised electrical 24v drop bolt
- Fitted with relay for drop bolt detection
- Obstacle detection with automatic stop
- For gate profiles of 40mm or more
- Throw: 115mm

For Interio invisible built in gate closer use code: 05GC20

LOCINOX ®

Locinox Valentino (p.245)
Surface mounted battery powered code lock

- ISO 9227 KTL / E-coated lock box withstands 1000 hours of salt spray test
- Extremely strong and vandal proof design
- Operates on 6 Lithium-metal AA batteries (included)
- Easy and fast set-up or modification of the access codes
- Low battery warning light
- Support for free-exit, pushbar, and code controlled handles
- Key-operated unlocking & programming functionality

Swing Gate Locks, Keeps & Insert Keeps (p.254)

Sixty Lock Kit

EXCLUSIVE TO F.H. BRUNDLE

- Lock with stainless steel insert keep
- Aluminium cover shield & handles

Forty, Fifty & Sixty Lock & Keep Box

- To suit 40, 50 & 60mm profile
- 2m in length

Adjustable Insert Keep
For Forty, Fifty & Sixty lock

- To suit 40, 50 & 60mm profile
- Aluminium stop plate

Borg Combination Locks (p.246)

One Sided Combination Lock
Push/pull pad on other side

Two Sided Combination Lock

Borglocks
CONTROLLING ACCESS

Specification for both locks:

- Marine grade quality keypads tested to 1000 hours salt spray
- On gate code change
- Suitable for 40 - 60mm gate profiles

- Reversible on site
- Over 1000+ combinations
- Concealed code change shield

Gate Hardware

Swing Gate Accessories

Aluminium Self-Closing Hinge (p.225)

- Max gate weight per pair 20kg
- Wall or post mounted

Regular Hinge (p.225)

- For metal gates

Magna-Latch Top Pull Lockable (p.225)

- 6 pin lock

Plain Pivoting Hinge (p.225)

- For metal gates

Swivel Wheel with expander & brake (p.239)

Expands to grip the inside of the tube

Tube available online.

50mm: Dynamic load capacity 40kg, static load capacity 80kg. 75mm: Dynamic load capacity 75kg, static load capacity 150kg. Available in black or silver to suit tube sizes Ø 26.9, 33.7, 42.4 & 48.3mm

Zinc Plated Steel Padlock (p.234)

- Supplied with 3 keys
- Suitable for Fortitude double leaf gates

Bi-Fold Gates Hinge Kit & Drop Bar Set (p.275)

- Double hinged kits to reduce the swinging arc of each gate leaf
- For gate openings with limited space
- Suitable for driveways with a steep incline or on a hill with slope up to the property

Bi-Fold HD Gate Kits (p.277)

- Suitable for heavy duty gates up to 400kg
- Quick & easy to install
- Max opening single leaf 8m & double leaf 16m
- For use with arm or underground automation

We have other bi-folding gate solutions online.

Activation Accessories (p.305)

TTS
Premium rolling & fixed code transmitter

- Rolling or fixed code
- 2 or 4 channel option

A full range of audio visual systems from page 314.

For a full range of activation & safety accessories see page 305.

DLX Safety Photocells (p.307)

Synchronised Infrared Photocells

- Flush or surface mounted
- 30m range
- 12 - 24 VAC/DC

Synchronised Infrared BUS Photocells

- Flush or surface mounted
- 30m range

Mesh

The largest range of Mesh from stock just got bigger!

Welded Wire Mesh

Pre-Galvanised Sheets (p.326)

PPC Black Sheets (p.329)

Specification for Pre-Galv & PPC Black:
- Mesh size: 25 x 25 x 3mm. Panel size: 2400 x 1250mm
- Mesh size: 50 x 50 x 3mm. Panel size: 2400 x 1250mm

Cable Ties (p.330)

- Stainless steel Grade 316
- Size: 300 x 4.6mm
- Suitable for mesh panels

Synergised™ Porcelain Tiles (p.379)

Free samples on request.

- Italian porcelain from one of Italy's top design houses
- Stunningly realistic natural wood effect
- Non-combustible
- Low maintenance & easy to install
- Low surface temperature
- Anti-slip
- UV resistant
- Two collections with a choice of 5 colours in each
- 100% recyclable
- Can be installed directly onto a flat concrete base

Synergised™ Connected Aluminium Deck Boards (p.377)

Free samples on request.
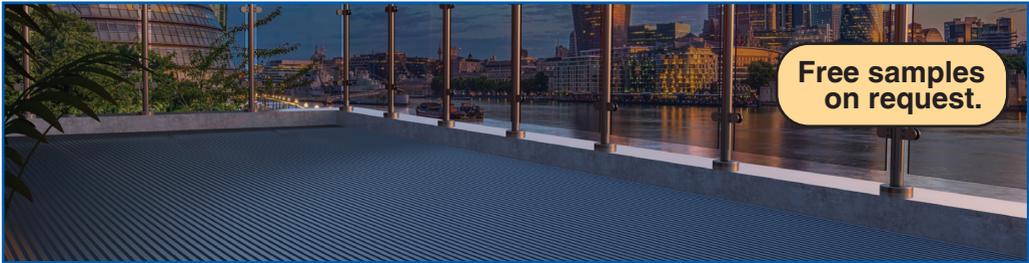

- Cost effective & easy to install
- Non-combustible
- No gaps between boards
- Integrated drainage channels
- Non-slip design
- Powder coated to anthracite RAL 7016
- 10 year warranty on powder coating
- Compatible with Synergised subframe and cradles

Starter Trim

Deck Board

Edging Trim

How To Install Your Deck:

Screw down the starter trim.

Connect your first board.

Screw down the deck board.

Connect next board and repeat..

Screw down final board and mitre edging trim.

The end result is a fully connected Synergised decking system with integrated drainage channels.
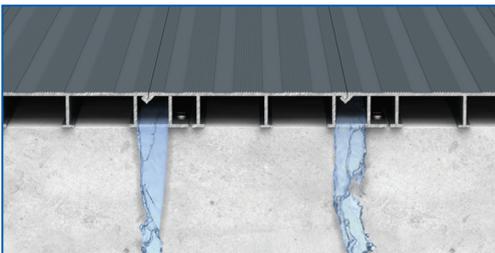

Image shows how water is drained from the deck.
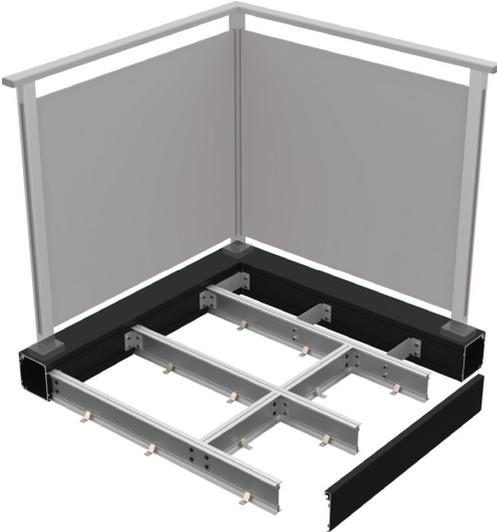

Your fully connected board is ready for use.

**Can be used as a tile tray or base for
Synergised Porcelain Tiles & Perimeter Base System.**

Decking & Subframe

Synergised™ Perimeter Base System (p.382)

Our unique innovative Perimeter Base Section, bolts directly to the Synergised subframe. It allows for a wide range of our base fix handrailing solutions to be bolted down to the perimeter, to provide a safe, stunning edge protection where there is a fall of more than 600mm. The Internal Perimeter Support Jack provides the strength required to allow handrailing systems to reach the desired residential 0.74kN loading requirements, as per BS6180.

If handrailing is not required, then our Edge Fascia Profile can be fitted to discreetly hide the subframe. The edge fascia profile is supplied powder coated black, to contrast stylishly with the range of porcelain tiles and handrailing solutions, it also perfectly matches the perimeter base section when used alongside on the same project.

Glass Stand-Off Adaptors (p.461)

Adjustable Hollow
Flat front

- PPC black
- Ø 30, 40 & 50mm
- To suit 8 - 25.5mm glass
- Slotted countersunk hole

Tilt Adjustable Hollow
Flat front with 2º tilt adjustment

- Satin finish
- Ø 38mm
- To suit 10 - 21.5mm glass
- Slotted countersunk hole

The arc design in the adjuster body provides angle adjustment in any direction, adapt to glass at any angle or uneven wall.

Glass Spigots (p.463)

Round Spigot & Cover Cap

67mm

- PPC black
- No holes in glass needed
- To suit 12 - 25mm glass

Square Spigot & Cover Cap

- Satin finish
- No holes in glass needed
- To suit 12 glass

Tilt-Loc Spigot (p.464)

Side-Fix Adjustable Tilt

- Satin finish
- To suit 10 - 17.52mm glass

Spig-lite Pro   (p.465)
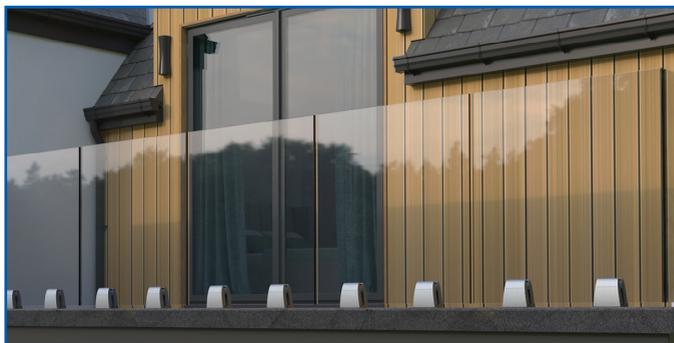

Kit includes: 2 x glass spigots, 2 x glass clamps, 4 x top clips, 4 x gasket sections and 1 x spanner.
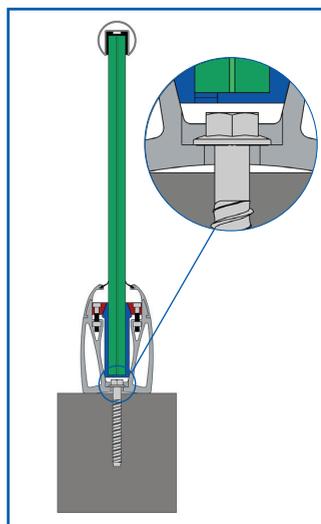

Suitable for fixing to various substrates including concrete & steel.

Wedge-Loc Channel Systems

Duo (p.476)
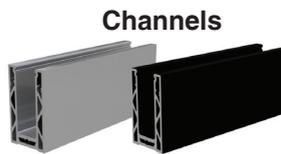

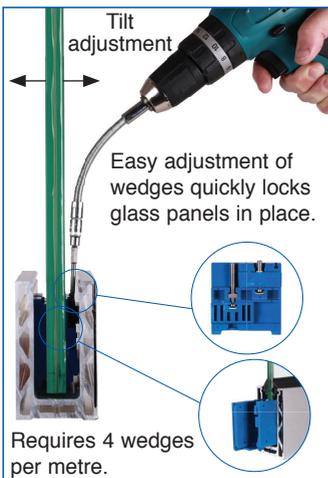

Channels

Internal 90° Corner

External 90° Corner

- Adjustable grips to allow quick alignment of glass
- A fast & cost effective frameless glass solution
- Available in satin anodised, PPC black & mill finish
- For installations up to 1.5kN in commercial applications
- +/-1° adjustment on glass

Requires 4 wedges per metre.

Tilt adjustment

Easy adjustment of wedges quickly locks glass panels in place.

Requires 4 wedges per metre.

Base and side-fix options available. Internal and external corners simplify the installation process.

F Channel (p.475)

- For installations under screed or decking subframes
- F profile allows flush fitting to the edge of your substrate
- Available in satin anodised finish

- A fast & cost effective frameless glass solution
- Available in satin anodised finish
- No cladding required

- For installations up to 0.74kN in commercial applications
- Doesn't require counter-sunk anchors for fixing

Handrailing

Aluminium Top Rail System (p.496)

Top Rail	90° Top Rail	End Cap

- PPC black RAL 9005
- To suit 8 - 21.5mm glass with rubber gasket
- Reduced visual impact of top rail
- Connectors simply slide into the top rail for a neat joint
