

**Radius bends on handrail and balustrade can be completed in a matter of days!**

**Aluminium Glass Balustrade**

A curved, modern balustrade made of aluminium and glass, shown in a perspective view. The aluminium frame is dark grey, and the glass panels are clear. The balustrade is curved upwards, following a gentle arc.

**Split Tube Handrail**

A curved, modern handrail made of split tube, shown in a perspective view. The handrail is dark grey and has a split, hollow design. It is curved upwards, following a gentle arc.
